## **Community Payback – (previously Community Service)**

**\*\*\*\*Please consider this for any relevant areas within your area\*\*\*\***

You will be aware that many of the people we deal with receive community orders from the courts, but were you aware that your local community groups, projects and parish councils can access the work they do?

Magistrates or judges can sentence offenders to carry out anything from 40 to 300 hours of unpaid work as part of their order. Community Payback must include a minimum of a day's work – lasting at least seven hours – once a week.

People can also be sentenced to intensive Community Payback orders, which mean they must complete 28 hours of work every week.

Across Humberside, Lincolnshire and North Yorkshire people on probation complete roughly half a million hours of Community Payback every year.

All projects combine hard work and the chance for the participant to develop skills. It is also a punishment as the individual is giving up their time to carry out the work.

Community Payback projects vary from maintaining the grounds of parks; churches; cemeteries; local football; cricket and sports clubs; schools and parks through to helping to run clubs for the elderly and vulnerable adults with learning difficulties. In addition, offenders who have been rigorously risk assessed can also be placed directly with charities and community groups, such as helping to run charity shops.

Members of the public can nominate projects for Community Payback teams to complete.

For more details, please speak to Filey Police Station.

## Can You Help

The Industrial Estate at Hunmanby has been subject to numerous thefts particularly of diesel from commercial vehicles. Access appears to be mainly from the allotments at the rear of the site. Vehicles are being used to drive across the playing fields to facilitate the removal of fuel. Please can you be vigilant as to any unauthorised vehicles driving onto this area and report to police.
