Violence No violence incidents in Muston this month.

Damage No damage reported in Muston this month.

POLICE MAY NOT WISH TO DISCLOSE THE EXACT LOCATION OR DETAILS OF CERTAIN INCIDENTS

Other News

Please note that in addition to the traditional 999 or 101 we can be contacted on our email address is snafiley@northyorkshire.pnn.police.uk. Please do not report incidents to this email, but if you would like to speak to a member of our team for advice then please use it.

If an incident of Anti-Social Behaviour occurs which you would like Police to deal with then please report this as soon as possible after the event to allow Officers the best chance to deal with the culprits. Please do not wait until next time you happen to bump into an Officer or Parish Councillor. It allows us to make connections with other incidents and deal with individuals for patterns of behaviour rather than incidents in isolation. It does not matter if no suspects have been seen or cannot be identified; we may have this reported on another nearby incident and be able to link them.

If you wish to look at crime statistics, along with stop-searches, news & events and other information for your area, then please visit www.police.uk . There is a multitude of information on this website.

Rural Watch

Rural Watch is made up of volunteers from rural communities across North Yorkshire working together as ‘watches’ to assist NYP with the prevention and detection of rural and wildlife crime. Communications are through a WhatsApp group, and on watch night patrols. (Volunteers are required to be vetted)

North Yorkshire Police are looking to set up a watch group in the Derwent Valley area and need suitably motivated community members to be a part of it. NYP will work closely with watch members in monitoring the comings and goings in your area and reporting any suspicious activity through the watch group as well as through the usual reporting system of 101 and 999. If you are interested in being actively involved in the policing of the community in which you live then please contact PCSO Simon Clapcott 5538 more information and to show expressions of interest.

Simon.Clapcott@northyorkshire.pnn.police.uk

Community Payback – (previously Community Service)

******Please consider this for any relevant areas within your area******

You will be aware that many of the people we deal with receive community orders from the courts, but were you aware that your local community groups, projects and parish councils can access the work they do?

Magistrates or judges can sentence offenders to carry out anything from 40 to 300 hours of unpaid work as part of their order. Community Payback must include a minimum of a day’s work – lasting at least seven hours – once a week.

People can also be sentenced to intensive Community Payback orders, which mean they must complete 28 hours of work every week.

Across Humberside, Lincolnshire and North Yorkshire people on probation complete roughly half a million hours of Community Payback every year.

All projects combine hard work and the chance for the participant to develop skills. It is also a punishment as the individual is giving up their time to carry out the work.

Community Payback projects vary from maintaining the grounds of parks; churches; cemeteries; local football; cricket and sports clubs; schools and parks through to helping to run clubs for the elderly and vulnerable adults with learning difficulties. In addition, offenders who have been

rigorously risk assessed can also be placed directly with charities and community groups, such as helping to run charity shops.

Members of the public can nominate projects for Community Payback teams to complete.

For more details, please speak to Filey Police Station.

COMMUNITY SPEEDWATCH A subject we are regularly asked about by Parish/Town Councils is speeding, in particular ‘Community Speed Watch’.

In order for the road to be deemed suitable for Community Speed Watch, it needs to be investigated via a speed survey. This is prompted by the use of our Speed Concern forms available on the NYP website (see link below).

<https://northyorkshire.police.uk/what-we-do/road-policing/community-speed-watch/>

Once we receive the form, an investigation is started and data loggers are deployed by NYFRS on the road for 24 hours a day over a seven day period. When we receive this information back, we can then decide on the most appropriate outcome. Those roads with a relatively high speeding problem will be referred to the Safety Camera Team for enforcement, or to Highways to implement an engineering outcome – speed bumps, chicanes, etc. If the road is found to have a relatively low or no speeding problem then it is referred to the relevant department to see if Community Speed Watch would be suitable.

If it is decided the road is suitable, the original complainant or the parish council will be contacted and asked to fill out the paperwork that we require (a minimum of four people are required to sign up to the scheme to start). Once received, site assessments to take place and if successful, training and delivery of the equipment will be provided.

When the group are fully trained, then it is down to them how often they deploy. Most groups will go out for a couple of times a week for an hour at a time. Any offences that the group then capture are recorded at the roadside by writing down vehicle details and sent into the Traffic Bureau. This is then processed similarly to the Safety Camera offences and warning letters are then sent out to first or second time offenders. If a 3rd/4th/5th offence is registered then driver details are passed to local Roads Policing Group Officers who will attend the address of the individual.

If there are any questions in relation to the above, then feel free to email CommunitySpeedWatch@northyorkshire.pnn.police.uk who will be only too happy to assist.

Kind Regards

Filey, Eastfield and Scarborough Rural, Safer Neighbourhood Team.

For those unaware, from Filey and Eastfield Police Stations we cover everything around Scarborough on a map; from the Humberside border in the south to Ravenscar in the North; along with the forestry area encompassing Wykeham Forest, Langdale Forest up to the entrance with Dalby Forest.

We are still busy across the area despite covid-19. In March, we dealt with 797 incidents, a breakdown of these follows (not inclusive of all incidents):-

- 4 injury/death RTCs.
- 16 damage only RTCs.
- 34 road related offences, drink/drug driving, no insurance/license/dangerous driving/speeding etc...
- 89 reports of suspicious circumstances.
- 8 missing people.
- 2 firearms incidents.
- 2 Domestic Violence Disclosure Schemes – *commonly referred to as 'Clare's Law' The Scheme was introduced to set out procedures that could be used by the police in relation to disclosure of information about previous violent and abusive offending by a potentially violent individual to their partner where this may help protect them from further violent and abusive offending.*
- 23 Domestic incidents.
- 63 concern for safety incidents.
- 41 abandoned 999 calls.
- 75 violence crimes.
- 10 sexual offences.
- 12 thefts and 1 stolen motor vehicle.
- 18 Frauds.
- 6 drug offences.
- 24 criminal damages.
- 17 dwelling or commercial burglaries.
- 6 auto crimes.
- 115 anti-social behaviour reports.
